

14TH NOVEMBER 2025

We've had another great week at The Heights Academy.

KS2 ADVENTURERS

This week, KS2 Adventurers have been busy learning all about World War I. They especially enjoyed the opportunity to try on a real army uniform, which helped them imagine what life was like for soldiers at the time.

In Science, the pupils have been exploring electrical circuits. They worked confidently to build their own circuits and investigate how electricity flows and powers different components. It was wonderful to see their curiosity and problem-solving skills in action.

SENSORY PLAY

Some year 9 pupils had some Sensory time yesterday afternoon. They made cloud dough with Corn Flour, Conditioner and Shaving. They then experimented with Orbeadz too!

DATES FOR YOUR DIARY

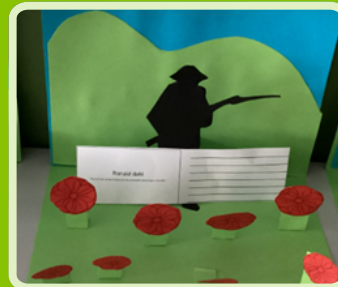

Thursday 20th November - 1pm finish for pupils - staff training

Monday 8th December - 1pm finish for pupils - staff training

Friday 19th December - End of term - 1pm finish

REMEMBRANCE DAY

Our Year 8/9 Navigators have been busy creating something truly special to mark Remembrance Day. They combined creativity and curiosity by designing striking 3D models that reflect themes of remembrance and sacrifice.

SOLIHULL MUSIC

On Tuesday 11th November, Solihull Music took 21 children and young people aged 7-20 with additional and/or complex needs to perform at the Music for Youth Proms at the Royal Albert Hall, London. The Royal Albert Hall performance stands as a testament to the power of inclusion and the hope that music can bring – both on stage and beyond. Noah, from Year 8, was part of their group and we are very proud of him.
