

26TH SEPTEMBER 2025

We have had another busy week here at The Heights Academy.

School photography was in school on Friday 26th September, we had some lovely smiles!

We are very pleased to be working with Tracy and Clare from Solihull Parent Carer Voice to support our parents and carers. They have booked a series of workshops and events to be held in school throughout the academic year. Keep an eye open for dates...

You will be sent a link with this Newsletter to fill in a survey from Solihull Parent Carer Voice. They are using this survey to capture the importance of our young people's voices in Solihull.

BIRMINGHAM CITY FOUNDATION

The pupils had a lovely session on Monday with Jess from Birmingham City Foundation. They have been practising skills, turn taking and including all our peers in the session, not leaving anyone out.

Jess has also been encouraging pupils to celebrate each other's success and understand how everyone works at different levels.

DATES FOR YOUR DIARY

Parents Evening

Thursday 16th October

More details to follow

PERSONAL DEVELOPMENT

As part of their personal development lessons this week, Year 7 have been learning about road safety. Pupils practised spotting potential hazards and recognising different road signs, while thinking about how to keep themselves safe when out and about.

We are really proud of how sensibly and thoughtfully the pupils approached this topic. Learning these skills is an important part of their personal development, helping them to build confidence and independence for everyday life.
